

ALL SCHEDULE IS ACCORDING TO GMT +3 TIME ZONE (ISTANBUL)

MONDAY, 4th July 2022

Welcome Greetings (10.00-10.05)

Eyup Dogan, Chairman, University of Sharjah, UAE & Abdullah Gül University, Turkey

Keynote Speech (10.05-10.50)

'Energy for war and war for energy'

Roula Inglesi-Lotz, University of Pretoria, South Africa

Break (10.50-11.00)

Session I (11.00-12.30)

Moderator: Hooi Hooi Lean, Universiti Sains Malaysia, Malaysia

- **Natural resources and income inequality: A remedial role of renewable energy investment**
Hooi Hooi Lean, Universiti Sains Malaysia, Malaysia
Dzul Hadzwan Husaini, Universiti Sains Malaysia, Malaysia
Shazali Abu Mansor, i-CATS University College, Malaysia
- **Between saying and doing for ensuring Italian energy supply**
Simona Bigerna, Università degli Studi di Perugia, Italy
Francesca Ceccacci, Università degli Studi di Perugia, Italy
Silvia Micheli, Università degli Studi di Perugia, Italy
Paolo Polinori, Università degli Studi di Perugia, Italy
- **Tourism and air quality in Portugal: Cointegration and causality tests**
Mara Madaleno, University of Aveiro, Portugal
Margarita Robaina, University of Aveiro, Portugal
Maria Carneiro, University of Aveiro, Portugal
Celeste Eusebio, University of Aveiro, Portugal
Vitor Rodrigues, University of Aveiro, Portugal
Carla Gama, University of Aveiro, Portugal
Alexandra Monteiro, University of Aveiro, Portugal
Michael Russo, University of Aveiro, Portugal
- **Economic growth and environmental degradation: Evidence from Western Balkan countries**
Petar Mitic, Institute of Economic Sciences, Serbia
Milena Kojic, Institute of Economic Sciences, Serbia
Aida Hanic, Institute of Economic Sciences, Serbia

- **Non-renewable energy and trade in intermediate and final products: Evidence from emerging industrial economies**

Mehmet Demiral, Niğde Ömer Halisdemir University, Turkey
 Ozlem Ozturk-Cetenak, Niğde Ömer Halisdemir University, Turkey
 Gurcem Ozayturk, Niğde Ömer Halisdemir University, Turkey
 Ozge Demiral, Niğde Ömer Halisdemir University, Turkey
 Ibrahim Ozayturk, Niğde Ömer Halisdemir University, Turkey

- **Natural resources and financial development: Do OECD countries have a financial resource curse?**

Yii Kwang-Jing, Swinburne University of Technology, Malaysia
 Davina Chu-Hui Heng, Swinburne University of Technology, Malaysia

Break (12.30-12.45)

Session II (12.45-14.00)

Moderator: Lin Sea Lau, Universiti Tunku Abdul Rahman, Malaysia

- **Green technology innovation and clean energy in OECD countries: the moderating role of institutional quality**

Yii Kwang-Jing, Swinburne University of Technology, Malaysia
 Chien-Chiang Lee, Nanchang University, China
 Maggie May-Jean Tang, Swinburne University of Technology, Malaysia

- **The nexus between financial inclusion, energy efficiency, natural resources and green environment: Evidence from EU countries**

Sabina Hodzic, University of Rijeka, Croatia
 Tanja Fatur Sikic, University of Rijeka, Croatia

- **Evaluating sustainable green campus concept with the frame of water-energy-food nexus: example of Duzce university**

Pinar Gultekin, Duzce University, Turkey
 Nermin Basaran, Duzce University, Turkey
 Melek Yilmaz Kaya, Duzce University, Turkey

- **The N-Shaped Environmental Kuznets Curve for biodiversity loss: A count data analysis**

Thian Hee Yiew, Universiti Tunku Abdul Rahman, Malaysia
 Lin Sea Lau, Universiti Tunku Abdul Rahman, Malaysia
 Ai Lian Tan, Universiti Tunku Abdul Rahman, Malaysia
 Yan Ling Tan, UİTM, Malaysia

- **A Disaggregated analysis of the impact of fossil fuel consumption on carbon dioxide emissions in India: Evidence from the TVP-VAR model**

Mehmet Sedat Ugur, Cankiri Karatekin University, Turkey
 Abdurrahman Nazif Catik, Ege University, Turkey
 Ciler Sigeze, Cukurova University, Turkey
 Esra Balli, Erzincan Binali Yildirim University, Turkey

Break (14.00-14.15)

Session III (14.15-15.45)

Moderator: Luigi Aldieri, Università Degli Studi Di Salerno, Italy

- **The economic role of space sustainability in an environmental regulation-based game theory model**
Giovanna Bimonte, Università Degli Studi Di Salerno, Italy
Muhammad Ghufuran, Università Degli Studi Di Salerno, Italy
Luigi Senatore, Università Degli Studi Di Salerno, Italy
Cristian Zicola, Università Degli Studi Di Salerno, Italy
- **How to distribute alternative energy instead of fossil one: a new methodological approach**
Luigi Aldieri, Università Degli Studi Di Salerno, Italy
Giovanna Bimonte, Università Degli Studi Di Salerno, Italy
Luigi Senatore, Università Degli Studi Di Salerno, Italy
Concetto Paolo Vinci, Università Degli Studi Di Salerno, Italy
- **Stochastic convergence of ecological footprint: new insights from a unit root test based on smooth transitions and nonlinear adjustment**
Ali Eren Alper, Niğde Ömer Halisdemir University, Turkey
Findik Ozlem Alper, Niğde Ömer Halisdemir University, Turkey
Almila Burgac Cil, Cukurova University, Turkey
Erhan Iscan, Cukurova University, Turkey
Ahmet Arif Eren, Niğde Ömer Halisdemir University, Turkey
- **Food security assessment in the light of sustainable development goals: a post-Paris agreement era**
Muhammad Ghufuran, Università Degli Studi Di Salerno, Italy
Sumran Ali, University of Science and Technology of China, China
Luigi Aldieri, Università Degli Studi Di Salerno, Italy
Giovanna Bimonte, Università Degli Studi Di Salerno, Italy
Luigi Senatore, Università Degli Studi Di Salerno, Italy
Peng Xiaobao, University of Science and Technology of China, China
Concetto Paolo Vinci, Università Degli Studi Di Salerno, Italy
- **The role of environmental innovation through the technological proximity for economic performance**
Bruna Bruno, Università Degli Studi Di Salerno, Italy
Luigi Aldieri, Università Degli Studi Di Salerno, Italy
Teemu Makkonen, University of Eastern Finland, Finland
Concetto Paolo Vinci, Università Degli Studi Di Salerno, Italy
- **Impact on economic growth of different types of renewable energy: an analysis of supply and demand**
Luca Esposito, Università Degli Studi Di Salerno, Italy

Break (15.45-16.00)

Session IV (16.00-17.30)

Moderator: Mehmet Demiral, Niğde Ömer Halisdemir University, Turkey

- **An analysis of aid volatility in the energy sector**
Panika Jain, Indian Institute of technology Ropar, India
Samaresh Bardhan, Indian Institute of technology Ropar, India
- **Environmental Kuznets Curve (EKC) hypothesis: A bibliometric review of the last three decades**
Lin Sea Lau, Universiti Tunku Abdul Rahman, Malaysia
Yii Kwang-Jing, Swinburne University of Technology, Malaysia
Ng Cheong-Fatt, Universiti Tunku Abdul Rahman, Malaysia
Yan Ling Tan, UTM, Malaysia
Thian Hee Yiew, Universiti Tunku Abdul Rahman, Malaysia
- **The Detection of Environmental Quality Determinants in E7 Countries: Heterogeneous Panel Data Approach with Cross Section Dependence**
Hilal Budak, Niğde Ömer Halisdemir University, Turkey
Sena Turkmen, Niğde Ömer Halisdemir University, Turkey
Dilara Aktekin, Niğde Ömer Halisdemir University, Turkey
- **Spotlighting the roles of corporate social responsibility in the wake of covid-19: Scoping review**
Soukaina Laabousse, IBN Zohr University, Morocco
Lalla Hind Lagdim Soussi, IBN Zohr University, Morocco
- **Do Family Companies disclose more CSR practices than non-family companies?**
Gonçalo Lestre, University of Aveiro, Portugal
Mara Madaleno, University of Aveiro, Portugal
- **Environmental impacts of the agricultural, industrial and financial sectors in Malaysia**
Kizito Uyi Ehigiamusoe, University of Southampton Malaysia, Malaysia
Hooi Hooi Lean, Universiti Sains Malaysia, Malaysia
Sotheeswari Somasundram, Taylor's University, Malaysia
- **Environmental pollution effects of economic, financial, and industrial development in OPEC: Evidence from the environmental Kuznets curve perspective**
Mehmet Demiral, Niğde Ömer Halisdemir University, Turkey
Ozkan Haykir, Niğde Ömer Halisdemir University, Turkey
Emine Dilara Aktekin-Gok, Niğde Ömer Halisdemir University, Turkey

End of Sessions
Thank you!
